HVORFOR VELGE CASTOR

Kundetilpasset

Vi bygger deres vareheis/løfteplattform og skreddersyr den for ditt bygg i tillegg til at vi holder prosjektet innenfor ditt budsjett.

Sentralt verksted

Vi har eget mekanisk verksted på Kalbakken i Oslo.

Priser

Vi leverer produkter av høy kvalitet til konkurranseriktige priser.

Godkjent for Persontransport

Enkelte av våre vareheiser kan leveres med personbefordring.

Service

Med rask oppfølging og serviceavtaler sørger vi for at alt går rundt uten at du trenger å bekymre deg.

Medlemskap og Godkjenninger

Castor er medlem av StartBANK. Castor er godkjent for ansvarsrett.

SERVICE LIFTS MH /MTH

Model MH.

Model MTH.

MH and MTH series lifts are a range of small service lifts designed for the vertical transport of small and medium loads and to facilitate multiple applications within the industrial and services sectors.

The rigid quality controls make these service lifts lasting and reliable products. These service lifts are in accordance with Machine Directive 2006/42/CE. They are supplied with CE mark.

The main advantage of this type of product is its **adaptability to your specific requirements**. This adaptability is achieved by offering a **wide range of sizes** and two different installation versions: wall-mounted or using a self-supporting structure. Moreover, both hydraulic drive (low noise level) and electrical traction drive (for travel distances greater than 8 m.) are available.

In addition to the above, these service lift include manufacturing features designed to optimise installation times, such as: manufacture of modular elements, prefabricated electrical installation, ready to plug in, as well as pre-assembly of several elements.

CASTOR MH-MTH

Applications:

- Dumbwaiters for restaurants, bars, coffee shops ...
- Service lifts for shoe stores.
- Small packages.
- Service lifts for libraries or bookshops.
- Service lifts for hospitals, clinics, chemists' ...
- Service lifts for offices.
